**RENEWED PETITION UNDER 37 C.F.R. 1.47(a)/  
TRANSMITTAL OF MISSING REQUIREMENTS  
UNDER 35 U.S.C. 371**

S I R :

Applicants thank the U.S. Patent and Trademark Office for granting Applicants' petition under 37 C.F.R. 1.137(b) to revive the above-identified application -- noted in U.S. Patent and Trademark Office communication dated May 10, 2002 (copy provided herewith).

Further, Applicants thank the U.S. Patent and Trademark Office for allowing Applicants two (2) months from the mailing date of the above-identified May 10, 2002 communication to file a petition under 37 C.F.R. 1.47(a) regarding the absence of Axel Susen's signature (a listed inventor on the above-identified application).

Fortunately, since May 10, 2002, Applicants have finally been able to locate previously unreachable Axel Susen and have obtained his signature on the Declaration and Power of Attorney. Accordingly, in place of additional showings of attempts to reach Axel Susen for the Renewed Petition Under 37 C.F.R. 1.47(a), please find provided herewith and accept the fully executed Declaration and Power of Attorney by Axel Susen (facsimile transmission) and a true copy of the previously submitted executed Declaration and Power of Attorney by Stefan Brock, in order to complete the filing requirements for the U.S. national

phase of the above-identified PCT application. The above-identified application filed in the U.S. Patent and Trademark Office is the application which the inventors executed by signing the Declaration and Power of Attorney. A copy of the Notification of Missing Requirements is also provided herewith.

As per statements concerning fees in the above-identified May 10, 2002, communication, Applicants believe that no fee is necessary at this time for this filing. However, in the event any fee is necessary and/or appropriate, the U.S. Patent and Trademark Office is authorized to charge any additional fees, including any additional Rule 136(a) extension fees, or credit any excess fees to Deposit Account No. 11-0600 of Kenyon & Kenyon. Two duplicate copies of this transmittal letter are provided herewith.

Accordingly, Applicants believe that all requirements have now been met to fulfill the Missing Parts requirements under 35 U.S.C. § 371, and Applicants respectfully request a Notification of Acceptance for the above-identified U.S. national stage application. The U.S. Patent and Trademark Office is encouraged to contact the undersigned regarding the above-identified application at any time if desired.

Respectfully submitted,  
KENYON & KENYON
